

PRESS RELEASE PRESS RELEASE PRESS RELEASE

The Los Banos Police Department is proud to introduce an on-line anonymous crime and graffiti tip-line. Now, not only can you call the Police Department and leave an anonymous crime tip on one of our telephone tip lines, but you can go to the City's website, www.losbanos.org, and while in the Police Department's web page you can leave an anonymous email on crime, graffiti or other suspicious activity in Los Banos.

“This is just the first step in the Police Departments technology upgrade. In the near future our patrol officers will have computers in their vehicles with the technology to do everything they do now in the police station. Amongst other abilities, officers will be able to retrieve booking photographs, verify an individual's identity through a fingerprint check in the field, check DMV records and write reports.

We also hope to provide in the near future the ability for individuals to report an assortment of property or non-violent crimes, on-line.

We are utilizing technology to increase our officer's presence in the community and continue to make Los Banos a safe place to live.”

As always, we encourage the community to be involved; report crime, graffiti or other suspicious activity to the Police Department.

The Graffiti tip line: 827 7070 X 224

Criminal activity 827 7070 X 288

– Chief Chris Gallagher
