PRESS RELEASE

January 31, 2008
Police Department Inspection

On January 31, the Police Department conducted an inspection of its uniformed staff. The inspection included all sworn staff, dispatchers, CSO's and our volunteer staff.

"The event was a success. It began with a Department Photograph and concluded with a Department inspection where family and friends gathered to watch the Para-military assessment of our uniformed staff."

Gary Brizzee, Commander

The inspection was conducted by visiting Chief George Rawson, Chief of Police for the City of Carmel by the Sea.

"This is a very historic event for us. The opportunity to get all of our staff together outside of our daily work routine is energizing. Getting over 80 people together for a photo and inspection was a tedious task, but the event went very smoothly. I continue to be impressed by my staff and their work effort."

Chris Gallagher, Chief of Police

The event began at 4 P.M. and took approximately one hour.
