**PACHECO BOULEVARD AND PIONEER ROAD
COMPLETE STREETS PROJECT AND WORKSHOP 2**

LOS BANOS, CA – The City of Los Banos is holding the second of four community workshops identifying potential future enhancements to Pacheco Boulevard and Pioneer Road, and to explore potential new connections between them. The workshop is part of the *Pacheco Boulevard and Pioneer Road Complete Streets* planning effort funded by Caltrans.

The workshop will be held on Tuesday, February 4th, 2020 from 6:30 pm to 8:00 pm at the Los Banos Community Center (645 7th Street).

During this Community Open House, community members will review and provide feedback on preliminary design concepts for Pacheco Boulevard and Pioneer Road, as well as potential connections along routes including Ward Road, Ortigalita Road, Volta Road, and other areas. These concepts are based on what project staff heard from the Los Banos community over the last couple months, including the first community workshop held in November.

A project webpage at www.losbanos2040.org/completestreets provides information about the project and allows visitors to sign up for an email list to stay informed about the plan.

If you have any questions, contact Mark Fachin, P.E., Public Works Director/City Engineer at (209) 827-7056 or mark.fachin@losbanos.org.
