**COOL ROOF
CERTIFICATE OF COMPLIANCE
PRESCRIPTIVE RESIDENTIAL REROOF REQUIREMENTS FOR ROOF SLOPES
OVER 2/12**

Beginning **July 1, 2014** the 2013 California Energy Code will require the installation of a Cool Roof when more than 50% of an existing roof is being replaced. However, there are exceptions to this requirement. This form specifies the Cool Roofing requirements and provides several options in lieu of Cool Roofing. Cool Roof Products used for compliance with the standards are required to meet or exceed the values specified in Table A and be tested and labeled by the Cool Roof Rating Council (CRRC). The CRRC's Rated Product Directory can be found at www.coolroofs.org.

TABLE A

Roof Slope	Minimum 3-year aged solar reflectance	Minimum Thermal Emittance	SRI
≤2:12	Not required		
>2:12	0.20	0.75	16

If you are using a cool roof product you must provide the information below;

CRRC Product ID Number	Roof Slope	Aged Solar Reflectance	Thermal Emittance	SRI

Any one of the options listed below can be used in lieu of the cool roof requirements for reflectance, emittance, and SRI listed above. Select which one applies:

- Air-space of 1.0 inch airspace is provided between the top of the roof deck to the bottom of the roofing product; **or**
- The installed roofing product has a profile ratio of rise to width of 1 to 5 for 50% or greater of the width of the roofing product; **or**
- Existing ducts in the attic are insulated and sealed according to Section 150.1(c)9, (**HERS rating required with CF-3R Form**); **or**
- R-38 attic insulation (**Insulation Certificate may be required**); **or**
- Building has a radiant barrier in the attic meeting the requirements of Section 150.1(c) 2. **or**
- Building has no ducts in the attic; **or**
- R-4 insulation is installed above the roof deck.

BUILDING PERMIT NO.: _____	
[Forward one copy to Public Works Department with approved Building Permit attached.]	

All construction projects within the City of Los Banos are required to comply with the National Pollutant Discharge Elimination System (NPDES) storm water regulations adopted by the US Environmental Protection Agency, and the Phase II Small Municipal Separate Storm Sewer System (MS4) General Permit requirements regardless of size.

PROJECT SIZE = LESS THAN 1 ACRE

A Storm Water Pollution Prevention Acknowledgment form must be included with your Building Permit Package. Minimum requirements for this size project include implementing, monitoring and maintaining effective Best Management Practices (BMP's). In addition to the City's standard inspection schedule, inspections for compliance shall be conducted once a week during the rainy season and/or pre-rain, and and/or post-rain, and/or complaint driven.

The City shall enforce compliance at all times.

For information on BMP's: http://www.dot.ca.gov/hq/construc/stormwater/CSBMPPM_303_Final.pdf

PROJECT SIZE = 1 ACRE (43,560 SQ. FT.) OR MORE

A Storm Water Pollution Prevention Plan (SWPPP) must be submitted along with your construction plans, for review, if project is disturbing 1 acre or more of land. Multiple projects less than 1 acre but part of a larger development shall be included in this category.

Prior to commencement of construction activities, an Owner/Builder must electronically file the following Permit Registration Documents (PRDs) with the State Water Resources Control Board:

- Notice of Intent
- Risk Assessment
- Site Map
- SWPPP
- Annual Fee
- Signed Certification Statement

To file with the State, log on to <https://smarts.waterboards.ca.gov>

Submit a copy of the NOI & WDID number to the City.

Schedule an Onsite SWPPP Inspection once all BMP's have been installed.

SWPPP inspections will be conducted once a week during the rainy season and/or pre-rain, and and/or post-rain, and/or complaint driven. Twice a month during the dry season or as needed.

Prior to submitting your Notice of Termination (NOT) to the State, the City must perform the final SWPPP inspection and provide a letter stating that the site is in compliance. Copies of the NOT must be sent to the City when obtained.

The City shall enforce SWPPP compliance at all times. Additional information regarding the Storm Water Management Program can be found at:

http://www.waterboards.ca.gov/water_issues/programs/stormwater/municipal.shtml
