Through karate, a student will develop and learn physical fitness, mental discipline and self-defense. The physical conditioning and concentration leads students to self-confidence, and a special knowledge of being able to defend oneself. We offer a fun and safe environment where **children and adults** can learn the art of Shotokan Karate. Shotokan Karate is accessible to all ages and every level of physical ability. While training, our students will get fit, improve their awareness, relieve stress and become more confident and empowered. We have general classes for all ages.

**\*Tigers Cubs/Tiny Tigers** classes: These students are introduced to martial arts within our very playful and positive curriculum designed for young children. Must enroll with instructor.
