Therefore, to the maximum extent authorized by law and notwithstanding any other procedures specified in these Bid Documents, all disputes and/or protests regarding the bidding process shall be subject to the following procedure. In submitting a Bid Proposal to the Owner for this project, the bidder agrees to comply with and to be bound by this procedure.

Any Bid Proposal protest must be submitted in writing to the Owner before 5:00 p.m. on the fifth (5th) working day following Bid Opening.

- 1. The initial protest document must contain a complete statement of the basis for the protest, and all supporting documentation. A non-refundable fee of One Thousand Dollars (\$1,000.00) made payable to the "City of Los Banos" shall accompany the protest documents and will be used by the Owner to recover costs in evaluating the bid protest. A Bid Proposal protest submitted without the requisite fee shall not be considered by the Owner.
- 2. The party filing the protest must have actually submitted a Bid Proposal for the work. A subcontractor of a party submitting a Bid Proposal for the work may not submit a Bid Proposal protest.
- 3. A party may not rely on the Bid Proposal protest submitted by another bidder, but must timely pursue its own protest.
- 4. The protest must refer to the specific portion of the Bid Documents which forms the basis for the protest.
- 5. The protest must include the name, address and telephone number of the person representing the protesting party.

6. The party filing the protest must concurrently transmit a copy of the initial protest document and any attached documentation to all other parties with a direct financial interest which may be adversely affected by the outcome of the protest. Such parties shall include all other bidder's who appear to have a reasonable prospect of receiving an award depending upon the outcome of the protest.
7. The Owner will give the protested bidder five (5) working days after the receipt of the protest to submit a written response. The responding bidder shall transmit the response to the protesting bidder concurrent with the delivery to the Owner.
8. The procedure and time limits set forth in this paragraph are mandatory and are the bidder's sole and exclusive remedy in the event of Bid Proposal protest. The bidder's failure to comply with these procedures shall constitute a waiver of any right to further pursue the Bid Proposal protest, including filing a Government Code Claim or legal proceedings.

If the Owner determines that a protest is frivolous, the protesting bidder may be determined to be non-responsive and/or non-responsible and that bidder may be determined to be ineligible for future contract awards.
