1. Lowest Responsive Bidder

Although competitive pricing is essential in the award of this Bid Proposal, consideration shall be given, but not limited to:

- A. The ability of the bidder to comply with Terms and Conditions set forth herein.
- B. The ability of the bidder to comply with the Specifications or Scope of Work set forth herein.

2. Lowest Responsible Bidder

- A. The quality and performance of the supplies/equipment to be provided by the bidder;
- B. The ability, capacity and skill of the bidder to perform the Contract or accomplish the transaction within the time specified, without delay;
- C. The character, integrity, reputation, judgment, experience and efficiency of the bidder;
- D. The quality of bidder's performance on previous purchases by, or contracts with, the Owner;
- E. The ability of the bidder to provide future maintenance, repair parts and services for the vehicles provided;
- F. In evaluating competitive bids, the Owner shall determine the lowest responsive and responsible bidder, and any local bidder shall be granted a preference in an amount equal to five (5%) percent of the lowest responsible bid, if that low bid has been submitted by a non-local bidder. If, after deduction of the five (5%) percent preference from a local bidder's bid, it is equal to or less than the lowest bid, the bid shall be awarded to the local bidder. To qualify as a local bidder, firms or individuals must submit written proof of the address of their principle place of business and a copy of their current City business license with each bid for which a preference is claimed. Proof of address is normally the address to which contract and payments will be sent. Local preference only applies to supplies, materials, and/or equipment. Local preference will not apply to bids conducted with other public agencies nor when prohibited by State or Federal statutes or regulations to be awarded to the lowest responsive and responsible bid, or otherwise exempt from local preferences. A total amount of such a preference granted in a single bid shall not exceed Five Thousand and No/100ths (\$5,000.00) Dollars over a non-local bidder.

3. Award

The Owner reserves the right to:

- A. Award Bid Proposals received on the basis of individual items/services, or groups of items/services, or on the entire list of items/services;
- B. Reject any or all responses, or any part thereof;
- C. Waive any informality in the Bid Proposals;

An evaluation of the bidder's ability, quality, and performance as set forth under "Most Responsive Bidder" and "Lowest Responsible Bidder", of this Bid Proposal, will be used in addition to total cost as a basis of award for any ensuing Contract.

4. Protest

The lack of prompt procedure to resolve disputes regarding the bidding process would impair the Owner's ability to carry out its purpose of contracting this project in a timely manner. Therefore, to the maximum extent authorized by law and notwithstanding any other procedures specified in these Bid Documents, all disputes and/or protests regarding the bidding process shall be subject to the following procedure. In submitting a Bid Proposal to the Owner for this project, the bidder agrees to comply with and to be bound by this procedure.

Any Bid Proposal protest must be submitted in writing to the Owner before 5:00 p.m. on the fifth (5th) working day following Bid Opening.

- 1. The initial protest document must contain a complete statement of the basis for the protest, and all supporting documentation. A non-refundable fee of One Thousand Dollars (\$1,000.00) made payable to the "City of Los Banos" shall accompany the protest documents and will be used by the Owner to recover costs in evaluating the bid protest. A Bid Proposal protest submitted without the requisite fee shall not be considered by the Owner.
- 2. The party filing the protest must have actually submitted a Bid Proposal for the work. A subcontractor of a party submitting a Bid Proposal for the work may not submit a Bid Proposal protest.
- 3. A party may not rely on the Bid Proposal protest submitted by another bidder, but must timely pursue its own protest.
- 4. The protest must refer to the specific portion of the Bid Documents which forms the basis for the protest.
- 5. The protest must include the name, address and telephone number of the person representing the protesting party.
- 6. The party filing the protest must concurrently transmit a copy of the initial protest document and any attached documentation to all other parties with a direct financial interest which may be adversely affected by the outcome

of the protest. Such parties shall include all other bidder's who appear to have a reasonable prospect of receiving an award depending upon the outcome of the protest.

7. The Owner will give the protested bidder five (5) working days after the receipt of the protest to submit a written response. The responding bidder shall transmit the response to the protesting bidder concurrent with the delivery to the Owner.
8. The procedure and time limits set forth in this paragraph are mandatory and are the bidder's sole and exclusive remedy in the event of Bid Proposal protest. The bidder's failure to comply with these procedures shall constitute a waiver of any right to further pursue the Bid Proposal protest, including filing a Government Code Claim or legal proceedings.

If the Owner determines that a protest is frivolous, the protesting bidder may be determined to be non-responsive and/or non-responsible and that bidder may be determined to be ineligible for future contract awards.
