What is 2-1-1?

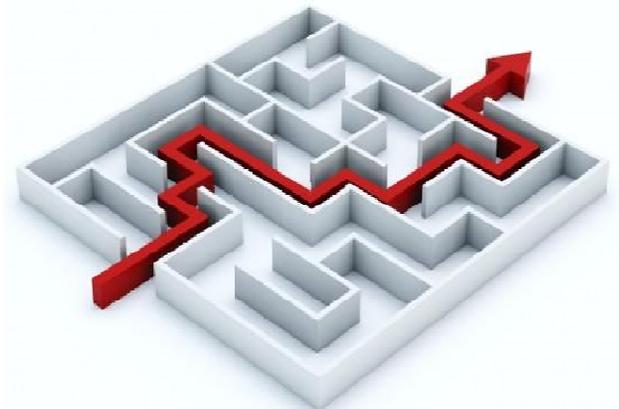

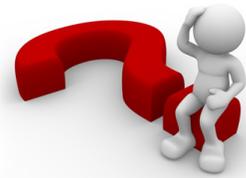

- A free, accessible, 3 digit telephone number and database that will enable everyone to access the vital community services they need.

Mission Statement:

- To connect people to services and programs that will improve their quality of life and the information and resources they need during natural disasters and emergencies. [211 VIDEO](#)

LAUNCH OCTOBER 22nd

THE ROLE OF 211 IN DISASTER RELIEF EFFORTS

During emergency incidents 911 operators will re-direct their non-life threatening calls to the 211 call center, freeing up their lines and optimizing their resources.

The Mountain Valley 211 will use it's infrastructure to coordinate with the OES agencies to disseminate relevant information, such as incident status reports, evacuation routes, road closures, shelter locations, etc.
