Tigers Cubs classes introduce students to martial arts within our very playful and positive curriculum designed for young children.

AIKIDO AGES 5-ADULT

Aikido is a Japanese martial art developed by Morihei Ueshiba. This is an art of physical systems and constant movement which involves throws and joint locks that are derived from Jiu-Jitsu and other Kenjutsu techniques. Aikido focuses not on punching or kicking opponents, but on using their opponents energy to gain control of them or throw them away from you.
