LOS BANOS
PACHECO BOULEVARD

PIONEER ROAD

COMPLETE STREETS

Pacheco Boulevard and Pioneer Road Complete Streets is an exciting planning study to provide strategies for enhancing existing infrastructure and exploring potential new connections.

We heard from many community members during the 2nd community workshop held on February 4th, 2020 and through an online survey.

The project team has incorporated community input to develop refined concepts for improvements to Pacheco Boulevard and Pioneer Road, as well as connections between Pacheco Boulevard and Pioneer Road.

Join a virtual community workshop or attend an open house to view refined concepts and provide your input!

VIRTUAL COMMUNITY WORKSHOP

Thursday, August 6, 6:00 – 7:30 pm | Join by phone, tablet or computer

Graphics that show the refined concepts will be displayed. Staff will be present to record feedback.

GOALS:

Enhance Pacheco Boulevard using strategies that create a more efficient, safe, and attractive street for people driving, walking and bicycling.

Explore the potential for making **Pioneer Road** an attractive boulevard providing a new east-west connection for cars and trucks that would include safe, comfortable facilities for people walking and bicycling.
